## Il fatto

La ricerca dell'efficienza è da sempre stata uno degli obiettivi nell'ambito della movimentazione. Questo è il motivo per cui i sollevatori sono oggi diventati protagonisti nelle applicazioni "cold store". Usi intensivi a basse temperature hanno sempre rappresentato una sfida ai sollevatori e alle tubazioni, sia per applicazioni tradizionali che automatiche.

Tel. 0523 843241 – Fax. 0523 881346

## La soluzione

Anche in presenza di temperature artiche, lo scorrimento delle tubazioni su puleggia non è più una richiesta proibitiva con l'utilizzo delle tubazioni Parker serie 53 DM, Lift-Tek Elecar propone la serie completa di sollevatori con tubazioni completamente intercambiabili con le tradizionali!

### 53DM/538DM – DuraMax™ Low Temperature

#### Features

- Matte jacket for low coefficient of friction
- Superior flexibility in cold temperature applications
- Better bend radius than SAE J517 and 100R7
- Smaller O.D.s than 100R7 and 100R18
- 3000 PSI constant pressure

#### Certifications

- Meets or Exceeds SAE 100R18
- 538DM Meets SAE J517 for less than 50 micro-amps leakage under 75,000 volts per foot

# Caratteristiche tecniche della tubazione

## Applications/Markets

- Excellent over-the-sheave in lift truck applications
- Cold storage or refrigerated areas
- Construction and agriculture equipment in cold climate
- 53DM-12 Not suggested for use in over-the-sheave (pulley system) applications

### Construction

Tube: Copolyester  
Reinforcement: Fiber  
Cover: Copolyester

### Operating Parameters

Temperature Range:

-70°F to +212°F (-57°C to +100°C)

For use with water and water-based hydraulic fluids to +135°F (+57°C)

Change in working length @ Rated WPSI: ±2%

Min. Burst Pressure is 4x Max. Working Pressure at 73°F (23°C)

### Fittings

55 Series – pg. E-12    58 Series – pg. E-12

58H Series – pg. E-41

HY Series – pg. E-87 (\*HY Fittings available from Parker Hose Products Division)

For Crimp Die Selection charts see pgs. G-30 : G-41

Crimp information can be found online, for most Parker products, at [www.parker.com/crimpsource](http://www.parker.com/crimpsource)

### Colors

● Black

● Orange (Non-Conductive)

### Notes

Perforated cover - 53DM
